SUMMARY

Experienced Full-Stack Developer with over three years in building dynamic, responsive user interfaces and scalable financial applications. Proficient in JavaScript, React, and TypeScript, with a strong focus on UI/UX principles and secure data handling (PCI-DSS/GDPR). Adept at collaborating in Agile environments to deliver high-quality, compliant software solutions.

EXPERIENCE

InvestCloud, Inc, Sr. Software Developer

Apr 2025 - Present

Led the development of scalable FinTech applications, managing the full software development lifecycle (SDLC) from initial concept to compliant deployment.

Modernized legacy UI components into responsive, accessible interfaces, significantly reducing technical debt and improving maintenance efficiency.

Collaborated within Agile squads to streamline the delivery of secure financial products, consistently meeting rigorous security and performance benchmarks.

InvestCloud, Inc, Software Developer / Team Leader

Apr 2023 - Apr 2025

Managed development workflows using Agile and Kanban methodologies to deliver high-quality software within strict deadlines. Oversaw team-based software solutions, facilitating daily stand-ups, sprint planning, and rigorous code reviews to maintain quality. Integrated third-party financial APIs to support real-time market data and data aggregation services.

InvestCloud, Inc, Software Developer

Aug 2022 - Apr 2023

Developed responsive user interfaces using HTML, CSS, and JavaScript. Translated design concepts into interactive web applications while ensuring mobile responsiveness and cross-browser compatibility. Utilized TortoiseSVN for version control and collaborative code management within a fast-paced development environment. Applied advanced problem-solving skills to diagnose issues, debug code, and implement innovative software solutions. Recognized as a top five new hire for the ability to deliver quality work and provide critical project course corrections.

EDUCATION

Coding Dojo

Full Stack Web Development Certificate

Technologies: Python, Java, JavaScript, MERN Stack (MongoDB, Express, React, Node.js). Completed 500+ hours of intensive coding, focusing on full-stack architecture, database management, and deployment.

SKILLS

JavaScript (ES6+) • Python • Java • HTML5 • CSS3 • React • Angular • Node.js • Express • Git
